Subject: Lynn Canal Highway Project

I support the Lynn Canal hwy project and all other projects that helps get access to Juneau. For to many years now this State remains the ridicule of all other states because we don't have decent access to our own government. I for one wait for the day when Alaska catches up with the United States and we can drive to our capital from anywhere in the state without having to go to Haines to get access to our representatives. You can't expect us to believe there is no money or room for improvement within this State? Stop letting outside interests decide what's best for ALASKANS!

Thank You,
Vernon Owens
